## 7 Major Benefits for your School

### 1 Individual Learner Insights = Better Results

Math(s)Lab achieves better results because it works alongside the classroom and empowers teachers with technology which offers them deeper insights into individual learner performance and greater control over results.

### 2 Automated to Empower Your Teachers.

It takes pressure off the teacher. Automated short question formats, previous grade revision, automated exam paper assignments and videos, all linked to extensive learner analytics.

### 3 Continuous Improvement Loop. Mini-Kaizen.

Better maths results takes daily practice. Maths is cumulative with each lesson building on another.

So, Math(s)Lab engages teachers, learners and parents in a continuous improvement loop, every single day.

### 4 Local Content, World-Class Tuition.

Math(s)Lab's content is substantial and aligned to CAPS NSC, IEB G10-G12, and NATED N1-N6. It is delivered on a learning management system which boasts 100 million users worldwide.

### 5 Daily Maths Practise 24/7 on any Device.

Maths practise, anytime anywhere anyhow. Multiple Media Responsive layout, Desktop, Laptop, Tablet, Mobile.

### 6 Competitive Edge for Your School

Maths is the gateway subject to higher education and better career options, good or bad performance in maths is often 'the' distinctive criteria by which a school is judged.

### 7 Additional Income for Your School

Attached to a lucrative market, it's an attractive feature which you can either have sponsored, fee subsidised or charge for.
